Notes to the Consolidated Financial Statements	8-17
Supplemental Financial Information:	
Consolidating Schedules of Financial Position	18-19
Consolidating Schedules of Activities	20-21

## **INDEPENDENT AUDITORS' REPORT**

The Board of Directors

Music Teachers National Association, Inc. and Subsidiary:

## **Report on the Consolidated Financial Statements**

We have audited the accompanying consolidated financial statements of Music Teachers National Association, Inc. and Subsidiary (a not-for-profit association) which comprise the consolidated statements of financial position as of June 30, 2020 and 2019, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

#### Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

## **Auditors' Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Music Teachers National Association, Inc. and Subsidiary as of June 30, 2020 and 2019, and the changes in their net assets and their cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

# **Other Matter**

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating schedules on pages 18-21 are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

# 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The following accounting principles and practices of Music Teachers National Association, Inc. and Subsidiary (the "Association"), are set forth to facilitate the understanding of data presented in the consolidated financial statements.

# **Nature of operations**

The Association advances the value of music study and music making to society and supports the professionalism of music teachers.

#### **Principles of consolidation**

The accompanying consolidated financial statements present the consolidated financial position and changes in net assets of the Association, its former corporate entity, which has been renamed, MTNA Certification Program and its wholly owned subsidiary, the American Classical Music Hall of Fame and Museum (ACMHOFM). All inter-organizational accounts and transactions have been eliminated.

#### Use of estimates

The presentation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

# Financial statement presentation

The Association is required to report information regarding its consolidated financial position and activities according to the following net asset classifications:

- Net assets without donor restrictions: Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Association. These net assets may be used at the discretion of the Association's management and the Board of Directors.
- Net assets with donor restrictions: Net assets subject to stipulations imposed by donors. Some
  donor restrictions are temporary in nature; those restrictions that are likely to be met by actions of
  the Association or by the passage of time. Other donor restrictions are perpetual in nature,
  whereby the donor has stipulated the funds be maintained in perpetuity. As of June 30, 2020 and
  2019, the Association did not have any net assets required to be maintained in perpetuity.

# Adoption of new accounting standard

During 2020, the Association adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update ("ASU") 2018-08, *Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made*. The standard assists entities in determining whether transactions should be recorded as a contribution (nonreciprocal) transaction or as an exchange (reciprocal) transaction. The standard also provides expanded guidance on determining whether or not a contribution is conditional. The Association has applied this standard on a modified prospective basis for the period beginning July 1, 2019. There was no material impact to the financial statements presented upon adoption of this standard.

# Functional allocation of expenses

The consolidated financial statements report certain categories of expenses that are attributable programs and supporting functions of the Association. Expenses are directly applied when applicable. Newsletters and mailings, membership retention, conferences, competitions, grants and awards, leadership summit and partnership development expenses are directly applied. All other expenses are allocated to programs or support services based on management's estimate of time and effort of individual employees and their related duties.

#### Income taxes

For federal tax purposes, the Association is an exempt organization under Section 501(c)(3) of the Internal Revenue Code but is subject to tax on its unrelated business income.

In addition, the Association was formerly organized under Section 501(c)(6) of the Internal Revenue Code. All of the assets except \$50,000 were transferred from the 501(c)(6) organization, now named MTNA Certification Program, into the 501(c)(3) organization. MTNA Certification Program is used strictly for certification and its financial position and results of operations have been consolidated with the Association in these financial statements.

ACMHOFM is a tax exempt organization under the Internal Revenue Code Section 501(c)(3). ACMHOFM does not have net income from activities subject to the unrelated business income tax.

The Association's policy with regards to interest and penalties is to recognize interest through interest expense and penalties through other expense. In evaluating the Association's tax provision and tax exempt status, interpretations and tax planning strategies were considered. The Association believes their estimates are appropriate based on the current facts and circumstances.

### Contributions

Contributions of cash and other assets without donor stipulations concerning the use of such assets are reported as revenues of the net assets without donor restrictions class. Contributions of cash or other assets to be used in accordance with donor stipulations are reported as revenues of the net assets with donor restrictions classes.

The expiration of a donor-imposed restriction on a contribution is recognized in the period in which the restriction expires and at that time the related resources are reclassified to net assets without restrictions. A restriction expires when the stipulated time period has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

The Associations reports gifts of long-lived assets as support without donor restrictions, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used, and gifts of cash or other assets that must be used to acquire long-lived assets, are reported as support with donor restrictions. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Association reports expirations of donor restrictions when the donated long-lived assets are placed in service.

# Cash and cash equivalents

For purposes of the consolidated statement of cash flows, the Association considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents, except for money markets held within its investment accounts.

#### Concentration of credit risk

The Association maintains its cash in deposit accounts, which, at times, may exceed federally insured limits. The Association has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash and cash equivalents.

#### Allowance for doubtful accounts

The Association extends credit to various customers for use of mailing lists and advertising. On a periodic basis, the Association evaluates its accounts receivable and establishes an allowance, based on a history of past write-offs and collections and current credit conditions. All accounts receivable are deemed fully collectible by management. Therefore, no allowance for doubtful accounts is necessary.

#### **Investments**

Investments in marketable securities with readily determinable fair values and all investments in debt securities are valued at their fair values in the consolidated statements of financial position. Dividends, interest income, realized and unrealized gains and losses on security transactions, unrealized gains or losses on investments and investment expenses are included as investment return, net in the consolidated statements of activities.

## Property and equipment and depreciation

The Association capitalizes all property and equipment in excess of \$1,000. Property and equipment is recorded at cost. Depreciation is provided on the straight-line method over the estimated useful lives of the assets which range from 3-7 years.

## Membership dues

Membership dues are recognized as income ratably over the membership period. Membership dues that have been collected for future periods have been recorded as deferred revenue.

#### Due to affiliates

Amounts due to affiliates represent membership dues collected by the Association on behalf of its 50 state and over 500 local affiliates.

## Subsequent events

The Association evaluates events and transactions occurring subsequent to the date of the consolidated financial statements for matters requiring recognition or disclosure in the consolidated financial statements. The accompanying consolidated financial statements consider events through October 1, 2020, the date on which the consolidated financial statements were available to be issued.

# 2. PROPERTY AND EQUIPMENT:

Property and equipment at June 30 is summarized as follows:

	<u>2020</u>	<u>2019</u>
Furniture and fixtures	\$ 186,744	349,185
Leasehold improvements	88,189	-
Less accumulated depreciation	( <u>182,811</u> )	(332,718)
	\$ <u>92,122</u>	16,467

## 3. RETIREMENT PLAN:

The Association offers a voluntary participation 401(k) retirement plan to its employees. All employees of the Association are eligible to participate in the Plan upon meeting certain eligibility requirements. The Association matches a certain percentage of the employee contributions. Total matching retirement contributions were \$15,843 and \$16,720 for the years ended June 30, 2020 and 2019, respectively.

## 4. PAYCHECK PROTECTION PROGRAM:

On May 8, 2020, the Association received a forgivable loan of \$93,400 under the Small Business Administration's Paycheck Protection Program (PPP). The loan bears interest at 1% and is due in May 2022. PPP allows for a portion of the loan (up to the full amount) to be forgiven based on qualifying expenses. During fiscal year 2020, the Association incurred qualifying expenses in excess of the loan amount and has recognized the full amount of the loan in contributions on the statement of activities.

### 5. LEASES:

In May 2014, the Association entered into an escalating lease agreement for certain office space through August 2025. A liability of \$76,941 associated with this lease is included in accrued expenses at June 30, 2019. In March 2020, the lease was terminated early by the lessor resulting in elimination of the liability associated with this lease. The Association entered into a new lease for office space, with occupancy commencing on July 1, 2020, through December 2027.

Total rent expense including common area maintenance and utilities charges for the years ended June 30, 2020 and 2019 was \$91,931 and \$118,403, respectively. The Association is leasing certain office equipment under operating leases that have various expiration dates through June 2025. Total lease expense for the years ended June 30, 2020 and 2019 was \$14,646 and \$15,192, respectively.

The future minimum lease payments for the new office lease and office equipment at June 30 are as follows:

2021	\$	34,714
2022		59,632
2023		60,475
2024		61,566
2025		59,584
Thereafter	-	146,260

\$ 422,231

## 6. NET ASSETS WITHOUT DONOR RESTRICTIONS - BOARD DESIGNATED:

As of June 30, 2020 and 2019, the Board has designated \$1,599,244 and \$1,581,962, respectively, of net assets to be used for competition awards for students and other purposes.

## 7. NET ASSETS WITH DONOR RESTRICTIONS:

Net assets with donor restrictions are available for the following purposes at June 30:

	<u>2020</u>	<u>2019</u>
Teacher enrichment grants	\$ 438,562	447,631
Local association grants	19,437	17,611
Other	<u>411,832</u>	<u>361,550</u>
	\$ <u>869,831</u>	826,792

### 8. ENDOWMENT FUNDS:

Generally accepted accounting principles require that net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions. The Association's endowment consists of several funds established to provide student awards, association grants, and teacher enrichment grants. Its endowment consists of board-designated funds. The board designated endowment had a balance of \$1,599,244 and \$1,581,962 at June 30, 2020 and 2019, respectively.

Changes in endowment net assets are as follows for the years ended June 30:

	2020 Without Donor <u>Restrictions</u>	2019 Without Donor <u>Restrictions</u>
Endowment net assets at beginning of year Interest and dividend income	\$ 1,581,962 61,058	1,487,880 65,208
Realized and unrealized gain (loss) on investments Contributions	(29,710) 63,110	38,894 60,844
Appropriation of endowment assets for expenditure Investment fees	(69,318) <u>(7,858</u> )	(62,919) <u>(7,945</u> )
Endowment net assets at end of year	\$ <u>1,599,244</u>	<u>1,581,962</u>

## Return objectives and risk parameters

The Association has adopted investment and spending policies for endowment assets that attempt to provide for long-term growth of income and principal without undue exposure to risk. The return objective shall be accomplished using a balanced strategy of fixed income, equities, mutual funds and cash equivalents in a mix that is conducive to participation in rising markets while allowing for adequate protection in falling markets. The performance objectives will be measured against appropriate industry benchmarks such as the S&P 500 Index, Russell Mid Cap Index, Russell 2000 Index, and Morgan Stanley EAFE Index.

# Strategies employed for achieving objectives

To satisfy its long-term rate-of-return objectives, the Association relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Association targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

# Spending policy and how the investment objectives relate to spending policy

The Association has a policy of appropriating for distribution each year five percent of the endowment fund's average fair value over 12 quarters. In establishing this policy, the Association considered the long-term expected return on its endowment. Accordingly, this spending policy should, over time, protect the inflation-adjusted value of the endowment and, consequently, allow inflation-adjusted spending to occur into the distant future. This is consistent with the Association's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return. The Association elected to appropriate \$69,318 and \$62,919 during the years ended June 30, 2020 and 2019, respectively.

# 9. FAIR VALUE MEASUREMENTS:

Generally accepted accounting principles define fair value, establish a framework for measuring fair value, and establish a fair value hierarchy that prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach are used to measure fair value. The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Association has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own
  assumptions about the assumptions that market participants would use in pricing the asset or
  liability.

Fair value methods and assumptions on investments consisting of money market funds, mutual funds and equities are based on the Level 1 market approach. Investments in fixed income instruments that are not quoted on an exchange, but are traded in active markets, are valued on Level 2 inputs using pricing obtained from our custodians, which use third-party data source providers.

The following tables present the Association's fair value hierarchy for those assets measured at fair value on a recurring basis as of June 30, 2020 and 2019.

# Fair Value Measurements at Reporting Date Using:

June 30, 2020	Fair Value	Level 1	Level 2	Level 3

# 10. LIQUIDITY DISCLOSURES:

The Association is substantially supported by earned revenue. The Association also receives contributions with donor restrictions. Because a donor's restriction requires resources to be used in a particular manner or in a future period, the Association must maintain sufficient resources to meet those responsibilities to its donors. Thus, financial assets may not be available for general expenditure within one year. As part of the Association's liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In addition, the Association invests cash in excess of daily requirements in investments as deemed appropriate. The following table presents the financial assets available to meet cash needs for general expenditures within one year at June 30:

	<u>2020</u>	<u>2019</u>
Financial assets:		
Cash and cash equivalents	\$ 2,258,219	2,187,504
Investments, at fair value	3,444,976	3,349,318
Accounts receivable	<u>194,934</u>	21,218
Financial assets available at year-end	5,898,129	<u>5,558,040</u>
Less those unavailable for general expenditures within one year due to:		
Contracts with others	235,728	199,999
Investments held with donor restrictions	869,831	826,792
Financial assets available to meet cash		
needs for general expenditures within one year	\$ <u>4,792,570</u>	<u>4,531,249</u>

## 11. RECENT ACCOUNTING PRONOUNCEMENTS:

In May 2014, the FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers*. The standard's core principle is that an organization will recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the organization expects to be entitled in exchange for those goods or services. This standard also includes expanded disclosure requirements that result in an entity providing users of financial statements with comprehensive information about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers. This standard will be effective for the Association's year ending June 30, 2021.

In February 2016, the FASB issued ASU No. 2016-02, *Leases*. The standard requires all leases with lease terms over 12 months to be capitalized as a right-of-use asset and lease liability on the statement of financial position at the date of the lease commencement. Leases will be classified as either financing or operating. This distinction will be relevant for the pattern of expense recognition in the statement of activities. This standard will be effective for the Association's year ending June 30, 2023.

The Association is currently in the process of evaluating the impact of adoption of these ASU's on the consolidated financial statements.

# 12. RISKS AND UNCERTAINTY:

On March 11, 2020 the World Health Organization declared the outbreak of novel coronavirus (COVID 19) as a global pandemic. The COVID-19 pandemic has caused business disruption through closings of offices, cancellation of special events and significant fluctuations in stock market indices. The extent of the impact of COVID-19 pandemic on the Association's operational and financial performance will depend on certain developments, including the duration and spread of the pandemic.
