MTNA Local Affiliate Programs and Services
Multiple Benefits for Affiliates

• Leadership Training and Resources
• Membership Dues Billing and Collecting
• General Liability Event Insurance
• ASCAP Performance Licensing Fees
• Foundation Affiliate Grants
• 501(c)(3) Group Exemption
But, there is one benefit to affiliates, and ultimately to the members, that is rarely considered or even known—and it may just be the most valuable:

The Economy of Scale
Economy of Scale

The cost advantage that organizations obtain due to size.

• Fixed costs are shared by a larger group
• Operating efficiency is greater with increased scale
• MTNA is a large, international association made up of over 500 state and local affiliates and 17,178 members (6/30/2022).

• MTNA’s size provides cost advantages.

• MTNA provides the most expensive and time-intensive operational aspects necessary to function as a state or local association at no cost to our affiliates.
Since the scale of operation of state and local affiliates is so much smaller

• State and local dues would have to be substantially increased to offset these costs.
• A larger volunteer workforce would be necessary to do all of the additional work.
• Some states and locals may need to hire staff.
For MTNA affiliates and members, there is a national association that, through the “Economy of Scale,” is able to provide these services:

• More Efficiently
• More Effectively
• More Economically
The Icing on the Cake?

There is **no** cost to the state and local affiliates for MTNA to provide these services.
Four examples of the negative financial impact to the state and local affiliates and, by extension, to the individual members, if there was no national association.
General Liability Insurance
NO GENERAL LIABILITY INSURANCE = NO EVENTS
How much does Liability Insurance cost for a nonprofit?

“No matter how the coverage is rated, it is important to get quotations for at least $1,000,000 each occurrence and $2,000,000 policy aggregate. Higher limits may be available and affordable, and you should ask your agent to explore this. General liability costs begin around $450 - $700, depending on the organization.”

(from Insurance basics for nonprofit organizations - Association of Leaders ... https://www.volunteeralive.org/cm/123_Insurancebasicsfornonprofitorganizations.pdf)
“Nonprofit organizations pay a median premium of about $45 per month, or $500 per year, for general liability insurance. This policy provides financial protection for third-party bodily injuries and property damage, along with advertising injuries.”

“Most nonprofit organizations (96%) choose general liability policies with a $1 million per-occurrence limit and a $2 million aggregate limit.”

Summary

• The cost for State and Local Affiliates to provide just four required services individually:  $546,725
• This cost is in addition to what they are paying now.
• The cost for MTNA to provide the same four required services for our State and Local Affiliates: $118,872
• This cost is already built-in to current membership dues.
Bottom Line

• The benefits of having and belonging to a national association like MTNA are substantial and irreplaceable.

• If there wasn’t a national association, one would likely be created as soon as possible, if for no other reason than to take advantage of the ECONOMY OF SCALE.
