

# Technology for your Teaching Studio

*Presented by Linda Christensen, Ph.D., NCTM and Michelle Sisler*

*MTNA National Conference 2017*

*Lindathepianist@gmail.com, Michelle@Keystoimagination.com*

**Piano Maestro:** iPad only.

Free to try; complete access for teacher and student \$179.88 annually

- Piano Maestro is a smart iPad app that “listens” to an acoustic piano or keyboard.
- Music is displayed on the screen while the student plays along to background tracks.
- The app has multiple practice options including - ability to turn note names on or off, vary the tempo, “Hold” until notes are played correctly and more.
- Stay connected with students by assigning homework and receiving feedback on their progress.

**NoteRush:** iPhone/iPad; \$3.99

- Note recognition using acoustic piano. Cute interface with various themes throughout the year. MIDI option coming in the future.

**Flashnote Derby:** Android and iPad/iPhone \$2.99

- Flash Card app in which the student identifies different notes in order to urge their horse and jockey on towards the finish line. Answering quickly and correctly will cause their horse to gain ground, while incorrect answers will cause it to fall behind.
- Ability to have student

**Whirligig:** Web-based; pricing variable.

- Interactive games that can be played on any device.
- Games for note recognition, symbols, music theory, rhythm

**Rhythm Lab:** iPhone/iPad; \$2.99

- Exercises for 2 hands
- Copy, save, or share any rhythm pattern as an image.
- Send tap exercise results in an email
- Create worksheets using any rhythm pattern from the app
- Edit the worksheets, create pdf files, send in an email, or open in other apps that handle pdf documents.

**Practicia:** iPad/iPhone; Free

- Connect to students to get recordings of their practice
- Send comments and stickers

**Chord Tracker by Yamaha:** iPad/iPhone; Free

- Analyzes ANY song from the iTunes library and gives the chord chart. Works with pop, classical, and any other style of music

**Ear Trainer:** iPhone/iPad only; \$6.99

- Robust ear training app.
