FY 2013 Budget Proposal

Executive Director Ingle, on behalf of the Finance Committee, made a presentation of the FY 2013 MTNA budget. The MTNA Budget proposed income of $2,334,378 and net cash expenses of $2,341,768, with additional capital expenditures of $15,400. The resulting potential deficit of $22,790 would be covered with a transfer from the surplus at the end of Fiscal 2012. The budgets were constructed with the following priorities in mind:

BUDGET PRIORITIES
2012-2013

Introduction

MTNA’s mission is to advance the value of music study and music making in society and to support the professionalism of music teachers. The embodiment of our mission is the allocation of our resources. There must be adequate resources to further our mission, to ensure that those resources are meeting the needs and desires of our membership, and to provide for review and oversight of the expenditures. The economic crisis has required MTNA to take substantial actions to reduce expenditures and streamline operations. The continued uncertainty of our revenue streams, along with maintaining a high level of services that our large and diverse membership has come to expect, make budgeting a very challenging endeavor.

Background

Approximately 56 percent of our total revenue (combined MTNA and Certification revenues) comes from membership dues. MTNA is by and large, a dues-driven association. Therefore, member recruitment and retention are paramount. Furthermore, our members are by and large, the consumers of our non-dues revenue streams. Income comes from the following additional sources: national conference (ca. 20%), advertising (ca. 10%), competitions (ca. 6%), fund raising (ca. 6%), miscellaneous income (ca. 3%), and Certification (ca. 1%). The Foundation Fund is part of MTNA but its income is kept in a separate checking account and used only for Foundation Fund operations, grants, and awards. MTNA absorbs all of the “soft costs” (overhead costs, salaries attributable to fundraising, and the like. The Certification program is a separate 501(c)6 corporation and therefore MTNA as a 501(c)3 not-for profit cannot absorb any of the costs; therefore, Certification is required by law to reimburse MTNA for any and all costs associated with the program, including salaries and overhead attributed to the program.

On the expense side, personnel accounts for approximately 35% of MTNA’s expenses. The remainder is administration and technology (ca. 16%), the national conference and meetings (ca. 14%), AMT (ca. 8%), competitions (ca. 7%, not including awards paid by FOUNDATION), membership (ca. 7%), governance (ca. 6%), grants and awards (ca. 5%), and Certification (ca. 2%). From a budgeting perspective, many of our expenses are “entitlements” and are uncontrollable. Furthermore, the MTNA conference is in the third quarter of the fiscal year, providing only one quarter to make up any deficit in the anticipated margin. Given the large part of the income and expense budget that is dependent on the conference as well as the uncertainty of revenues and costs associated with it, an extremely cautious approach is required for any discretionary expenses in the first three quarters.
Budget Priorities for FY 2013

PRIORITY 1: PERSONNEL

The stability and retention of staff has never been more crucial for the association. The MTNA staff was reduced by 30%, but the workload wasn’t. The average length of service of our current staff is 12 years.

PRIORITY 2: ADMINISTRATION AND TECHNOLOGY

An attractive association headquarters and a high quality web presence are necessary.

PRIORITY 3: CONFERENCE AND MEETINGS

The MTNA annual conference is without equal for the music teaching professional. It must remain a high-fidelity experience for the profession.

PRIORITY 4: PUBLICATIONS

The AMT is the standard by which other teacher publications are judged, so much so that it is imitated by other publications. The MTNA e-Journal is fulfilling a unique role as a digital-only publication to collegiate music teachers.

PRIORITY 5: COMPETITIONS

MTNA student competitions are the preeminent educational and performance competitions in the world. These competitions are the source of the great majority of news articles about MTNA and the students.

PRIORITY 6: MEMBERSHIP AND PARTNERSHIP DEVELOPMENT

Membership drives the association; therefore recruiting and retaining members are crucial. The Summit for MTNA Leadership has been reinstated as a weekend event in Cincinnati. A strong marketing and communications program to our members, the profession, the industry, and the public-at-large is also vital. Research and surveys will be developed in order to drive strategic planning and in order for MTNA to serve as the primary source of statistical information on the music teaching profession. The connection between the national association and our state and local affiliates must be supported through personal contacts and visits. MTNA must maintain the recognition and respect it receives from the partnerships with other national and international organizations.

PRIORITY 7: GOVERNANCE

In addition to three board meetings per year, the Board established three new task forces: Bylaws, Competitions, and One for All. Although face-to-face meetings are being kept to a minimum, the large One for All Commission has planned two meetings in Cincinnati. It is
possible that the other two task forces may require meeting funds in order to do their work effectively.

**PRIORITy 8: FOUNDATION FUND**

Our focus on fundraising and giving grants and other financial assistance to independent and collegiate music teachers and their students must continue.

**PRIORITy 9: CERTIFICATION**

Certification is an indicator of a fully qualified music teacher to the public. In addition, MTNA has the opportunity to establish credentials for teachers in the growing area of Recreational Music Making.

**Motion from the Finance Committee that the Board approve the FY 2013 budget as presented.**

**PASSED (unanimous)**

**Financial Policy Review**

The Finance Committee reported that it had reviewed the current financial and investment policies for MTNA and that it recommends no changes to the existing policies.

**Motion from the Finance Committee that the Board make no changes in the existing financial policy.**

**PASSED (unanimous)**

The Finance Committee reported that, at the June Budget meeting, it discussed the idea of using surpluses and the long-term investments as an income stream for operations. The MTNA Foundation Fund already has such a policy, which authorizes the use of up to five percent of the three-year rolling average for grants and awards. It was felt that this policy could also be the basis for a more general policy related to MTNA.

**Motion from the Finance Committee that the Board of Directors establish a policy by which up to Five (5%) of the three-year rolling average of the MTNA Investment accounts market values as of March 31 of each year may be used for operational purposes.**

**PASSED (unanimous)**

**2015 Conference Site**

The Finance Committee reported that it had reviewed the financial aspects of the proposal from the Rio Hotel in Las Vegas, Nevada to host the 2015 MTNA National Conference. The Board also discussed several other elements of the proposal.

**Motion from the Finance Committee to approve the offer from the Rio Hotel in Las Vegas, Nevada to host the 2015 MTNA National Conference from March 21-25, 2015 and to authorize
the Executive Director to enter into contracts with appropriate hotels and other vendors as required and necessary.

Motion and second that the Board of Directors ratify the following MTNA Plagiarism Policy.
MTNA Plagiarism Policy

1. A notice of the plagiarism determination will appear in the publication where the violation occurred and will include:

SPAC Agenda Items

Three items were submitted to the Board of Directors by Martha Thomas, Director from Southern Division, for Diane Blanchard, President of the North Carolina MTA. The three items were proposals for the following: 1. Nominations and Elections for SPAC Chair; 2. SPAC Chair Status as Current State President; and 3. State Size-by-Size Meetings at the Summit. RMM Specialists Designations

The Board received a written document from Brenda Dillon and Ann Gipson with further information regarding the establishment of the MTNA Specialist Program. The document outlines
the process for application and projects for which prospective candidates are to be evaluated. After discussion, the Board referred the documents back to them in order to clear up a couple of points related to the recommendations.

**MTNA Collegiate Piano Pedagogy Symposium**

The Board reviewed a proposal from Executive Director Ingle to approve the Piano Pedagogy Symposium for MTNA Collegiate Chapters. MTNA has made a commitment to providing opportunities for our collegiate chapter members as they are the future of the profession. In the feedback received by the Board of Directors as well as the staff, collegiate members have expressed an interest in programming specifically addressing their needs as young professionals, designed by their peers.

In January, 2012, the University of Michigan Collegiate Chapter, under the direction of advisor John Ellis and president Jovanni-Rey de Pedro, hosted the first Piano Pedagogy Symposium for MTNA Collegiate Chapters. The event was very well received and attracted members from 16 chapters from around the country. The next Symposium will be November 3-4, 2012, at the University of Cincinnati-College Conservatory of Music.

To ensure the longevity of this event and its ability to be hosted around the country by different collegiate chapters annually, it is proposed that the Symposium become an MTNA program.

**Motion and second to approve the Piano Pedagogy Symposium for MTNA Collegiate Chapters becoming an MTNA program, beginning with the November 3-4, 2012 Symposium in Cincinnati, Ohio.**

**PASSED (unanimous)**

**ANNOUNCEMENTS**
