MTNA National Conference
Orlando, Florida
March 20, 2018

What is a Studio Crawl?

A Studio Crawl is a small group of teachers who meet together to collaborate on teaching ideas. We call it a “crawl” because we meet in different studios on a rotating basis.

1. How we got started
2. What we share
 - Incentives and Awards
 - Group Lessons
 - Creative Performances
 - Using Technology and Media
 - *And so much more...!*
3. Ways teachers benefit
 - Inspiration: Diane Hidy's ladybug (DianeHidy.com)
 - Motivation: Wendy Stevens' practice abacus (ComposeCreate.com)
 - Creativity: Finger Lights and The Jar of Outrageous Practice Challenges
 - Laughter: *So, is there really ANY day you can come for a lesson?*
4. How you can get started with your own Studio Crawl
 - Find other teachers
 - Keep it small
 - Find a schedule and format that works for your group
 - Brainstorm topics that interest the group
